NEXT MEETING

Our next meeting is on Tuesday February 17, 2009 at 6:00pm at Jan Hus Presbyterian Church, 351 East 74th Street, NYC, room 101 (above lobby). The meeting will be from 6:00pm to 7:45pm

PROGRAM

Fellow member Michael Gerson will give us a presentation on his experiences over many years on soil mixes, soil additives, and pest/insect control. Michael is known in our circle as "the chemist", as he is always experimenting with new and different growing methods, insecticides, and "home-made" concoctions. Michael also grows many of his cacti and succulents under artificial lights, so there will be a lot of interesting things to talk about at this meeting.

ELECTRONIC NEWSLETTER

This is our first electronic newsletter! Starting this month, the newsletter will be sent to all paid members via e-mail. This is being done because it is faster and cheaper. Complementary members, and paid members that do not have e-mail, will continue to receive their newsletter through regular mail.
